

## ADDENDUM TO STUDENT BEHAVIOUR POLICY

SEPTEMBER 2020

Our student behaviour policy will continue to outline behavioural procedures within the school, however this appendix will refer to changes made as a result of procedural update made and risk management due to COVID-19. The changes outlined in this appendix have been made available to parents in our reopening handbook, student information and staff training has been provided. Any student that displays behaviours that demonstrate that they are not willing to cooperate in maintaining a safe environment for themselves, peers and staff will be deemed to have committed a serious breach of the behaviour policy, therefore an additional sanction (all of which are outlined in our student behaviour policy) may be considered. The following are examples of what we would consider to be unacceptable behaviour specific to the context of our phased return, though the list is not exhaustive:

- Refusing to sanitise or wash hands as directed throughout the day
- Being in an area marked as out of bounds
- Deliberately making contact or attempting to make physical contact with another person
- Deliberately moving within 1m+ or attempting to move within 1m+ of another person where social distancing is possible e.g. break and lunch times
- Deliberately performing actions associated with the symptoms of Covid-19, for example but not limited to, coughing and or sneezing
- Deliberately not attempting to cover their nose and mouth with a tissue or arm when coughing/sneezing
- Not following our Positive Behaviour for Learning Code of Conduct
- Leaving their seat during a lesson and moving around the classroom/ leaving the classroom without permission of the teaching member of staff
- Deliberately attempting to heighten another person's anxieties regarding CV-19.

Our C1, C2, C3 student behaviour management structure will still be applied by staff where appropriate and safe to do so. On a student receiving a C3 they will no longer be able to attend the exit room but be sent to the pastoral support room along their bubble corridor. An investigation into the behaviour will take place in the normal fashion and a decision will be made by the pastoral team as to whether it is safe and appropriate to send the student to future lessons that day. In the event it is not deemed safe and or appropriate for the student to return to lessons and where the school is unable to safely supervise the student in school, parents will be contacted to collect the student and a fixed term exclusion processed.

After school detentions are not being set at this time and as such an alternate sanction may be applied for a student receiving a C3, this may include a meeting with the Head of Year or Assistant Head of School or fixed term exclusion where appropriate.
